## PETITION PURSUANT TO 37 CFR 1.48(a)

This is a petition to correct the inventorship for the above-referenced patent application.

The Declaration filed in the above-referenced application inadvertently, and without deceptive intent, asserted a sole inventorship rather than including Ali H. Sayed as a joint inventor.

Please add the following previously unnamed person as an inventor of this application:

Ali H. Sayed, of Los Angeles, CA.

Attached are:

- (a) a statement of facts verified by the previously named inventor that the error in inventorship occurred without deceptive intention on his part,
- (b) a Declaration by inventor Ali H. Sayed, and
- (c) Consent of Assignee.

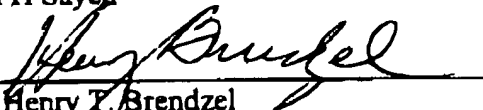

Duplicate copies of this petition are enclosed.

## STATEMENT PURSUANT TO 37 CFR 1.48(a)

This aims to satisfy the requirement of 37 CFR 1.48(a)(1) for a statement by the original named inventor, establishing when and how the error occurred that resulted in the omission of inventor Ali H Sayed.

By letter dated September 20, 2000, my attorney sent me the final draft of the application to be filed, together with the Declaration, Power of Attorney, and Assignment.

Because of a clerical error in populating the attorney's database, the name of inventor Ali H Syed was missing.

Accordingly, the software that produced the Declaration that I received included only my name, and was couched in terms of a "sole inventor Declaration".

I did not consciously notice the error. Consequently, I signed the Declaration on September 25, 2000, sent it to my attorney, and my attorney filed the application on September 28, 2000.

On that very same day, I realized that an error occurred in the Declaration, and send an email to my attorney, stating:

"It just occurred to me that I don't recall seeing the second inventor name (Prof. Ali Sayed from UCLA) and info on the application papers."

Unfortunately, it was too late, because the application was filed earlier in the day, before my attorney read the email.

The error in the database that caused the inadvertent failure to name Prof. Sayed as a co-inventor was completely without deceptive intent.

Dated: 11/3/2000

Respectfully,  
Naofal Al-Dhahir
